From corn fed Angus beef, our New York Strip steak, also sometimes called the Kansas City Strip depending on what part of the country are you in, is one of the most popular steaks available. This steak comes from the top of the loin and consists of a muscle that does little work, the longissimus, making the meat particularly tender. These steaks are excellent for cookouts because of their tenderness, juiciness and flavor. Steaks processed in Nebraska, where they know good meat, that's great for grilling on your grill at home or at a tailgate party. Certified Star Ranch Angus Beef.
