For details & current prices, click here or go to our web site & enter P-031 in the search box...

Our 1-1/4" thick cut chops are noted for their flavor and juiciness because of the marbling. Yet another favorite cut that usually turns out juicier because they are thick and attached to bone! This is the section between the center cuts and the rib end which is great on a grill. Pork cuts processed in Nebraska, where they know good meat, that's great for grilling on your grill at home or at a tailgate party.
