Our T-Bones are a real man's steak cut from the loin of corn fed Angus beef. This steak is hard to beat. Owing to the fact that they contain meat from two of the most prized cuts of beef (the short loin and the tenderloin), T-bone steaks are generally considered one of the highest quality steaks. The bone adds flavor to the well marbled meat. Juicy and tender would be the best way to describe this one. The T-bone is built for grilling with generous amounts of fat to keep it moist while its tenderloin heart stays tender and flavorful. This is the typical steak that is on any backyard grill and is often the favorite of the outdoor chef. T Bone steaks processed in Nebraska, where they know good meat, that's great for grilling on your grill at home or at a tailgate party. Certified Star Ranch Angus Beef.
